## UNIFIED VISIONS -PTC AND PTM

Timely Parent-Teacher Conferences (PTC) and Parent-Teacher Meeting (PTM) play a vital role in fostering a strong partnership between parents and the school. These regular meetings provide an opportunity for teachers to share valuable insights into a child's academic progress, social development, and behavioral growth. It also allows parents to voice their concerns, ask questions, and offer feedback.

At St. Patrick's Academy, we ensure that PTMs are held regularly and at convenient times, so every parent has the chance to engage in meaningful discussions about their child's development. These meets provide a platform to set goals, address challenges, and celebrate successes, ensuring that both teachers and parents work together to support the child's overall well-being.

## TALENT TREK - EXTRA CURRICULAR ACTIVITIES

At St. Patrick's Academy, we believe in holistic development, and our extensive Extra-Curricular Activities (ECA) program reflects this commitment. Students have the opportunity to explore and excel in diverse activities such as basketball, football, cricket, badminton, karate, skating, chess, and abacus. To nurture creativity and self-expression, we offer art and craft, public speaking, and music lessons, including guitar and keyboard. These activities not only help students discover their passions but also foster teamwork, discipline, and confidence. Through our well-rounded ECA program, we aim to cultivate well-balanced individuals equipped for future challenges.
