CONGREGATION

The Congregation of the Brothers of St. Patrick was founded by Bishop Daniel Delany in the year 1808. The Congregation derives its name from the Great Apostle of Ireland, St. Patrick, who in his time fought ignorance, injustice, wickedness and immorality, just as our founder did in his own time. The founder realized that the root of universal demoralization was ignorance and hence he began to impart moral education. He had in mind the religious, moral and literary education of children in schools.

The Brothers came to India in 1875 and took charge of a large Anglo Indian Orphanage and School in Chennai. This seed has grown into a large tree spreading its branches to various parts of the country, producing thousands of eminent men and women who have contributed and continue to contribute to the country in various capacities.

In our commitment to serve people, we find our primary inspiration in the life and teachings of JESUS CHRIST. We experience anxiety in this period of rapid change as we are beckoned beyond the bounds of safe securities. However, like the founding Patricians, we will step forward in faith with the courage of convictions and rely on the power of the Almighty God.

WE ACKNOWLEDGE THAT: Our apostolic endeavours are inspired and nurtured by the Good News of Jesus Christ.

OUR VISION STATEMENT

- ✦ We Steadfastly believe that education is not mere preparation for life, but is LIFE ITSELF.
- ✦ We believe that every student is unique and gift from God.
- ✦ We believe that academic success is our prime concern.
- ✦ We believe in holistic approach to education.
- ✦ We earnestly believe in a healthy relationship among the school, parents and society.
- ✦ We reaffirm that learning will take place only with a team of innovative, self motivated, self disciplined and a highly committed staff.
- ✦ We believe in upholding the dignity of every individual.
- ✦ We therefore ensure that no discrimination based on caste, creed, language, community or economic status will be made in our admission, and in other school policies.
- ✦ We believe that a pleasant and orderly environment is necessary for good teaching and learning to occur. This is further enhanced through the dynamic leadership of the principal and a professionally alert staff.
- ✦ We believe in providing good and modern instructional materials to help to increase the child's innate potential to the maximum so as to facilitate life long teaching.
- ✦ We believe that education is a community enterprise. Therefore, we will have a close working rapport with parents and share with them our beliefs and values regarding the true purpose of education and we will encourage our students to reach out to our local community especially to the underprivileged to improve their quality of life.

- ✦ We believe that while academic excellence will be given priority, we will work towards the total development of the physical, psychological, emotional, spiritual, aesthetic dimensions of each child's personality so that they become confident and capable of facing the challenges of life.

MISSION

We Will....

Provide a stimulating, enriching and enjoyable learning environment for a child-centered education.

Inculcate a sense of concern and reverence for Nature.

Recruit, employ, develop and retain staff who will share and contribute to the realization of our goals.

AIMS & OBJECTIVES
